# **NURSING HOME SURVEY REPORT**

(Pursuant to Section 319 of Public Act 119 of 2001, and  
Section 20155(14) of Public Act 368 of 1978, as amended)

**March 2002**

*Bureau of Health Systems  
Michigan Department of Consumer & Industry Services*

Serving Michigan...Serving You

**DEPARTMENT OF CONSUMER & INDUSTRY SERVICES  
BUREAU OF HEALTH SYSTEMS  
NURSING HOME SURVEY REPORT  
MARCH 1, 2002**

**Introduction**

Section 319 of Public Act 119 of 2001, requires that the Department report to the appropriations subcommittees and fiscal agencies information on the following: surveys conducted, surveys requiring follow-up, the number of referrals to the Michigan Public Health Institute for remediation, the number of citations per home, night and weekend complaints filed, night and weekend responses to complaints, and the average length of time for the department to respond to a complaint.

Section 20155(14) of Public Act 368 of 1978, as amended, requires that the department also report this information to the standing committees having jurisdiction over issues involving senior citizens and fiscal agencies.

The information provided is based on data for the period October 1, 2001 to February 28, 2002.

a.	The number of standard surveys conducted	166
	The number of complaint surveys conducted	667
b.	The number of standard surveys requiring follow-up (First, second, third revisit)	146
	The number of complaint surveys requiring follow-up (First, second, third revisit)	250
c.	The number (of facilities) referred to the Michigan Public Health Institute for remediation	22
	The number of Michigan Public Health Institute remediations, e.g. pressure sore or resident rights in-services, clinical advisors, temporary managers	28
d.	The number of citations per home (standard surveys) (This is based on 1,327 citations for 166 homes)	7.99
	The number of citations per home (complaint surveys) (This is based on 233 citations for 190 homes)	1.22

e. The number of night and weekend complaints filed (The number of complaints received after business hours or on weekends.) 33

f. The number of night and weekend responses (initial on-site investigation contact after business hours or on weekends) to complaints conducted by the Department 31

**Note: The nature of a complaint determines whether an off-hours investigation is required. All complaints received off hours do not require a weekend or evening response. A complaint alleging lack of activities for residents can be investigated through review of records and interview of residents during normal business hours.**

The number of off-hours (night and weekend) standard surveys 25

**Note: The percentage of off-hours standard surveys (15.1 %) exceeds the Health Care Financing Administration's requirement of 10 % off-hours surveys.**

g. The average length of time (in days) for the department to respond to a complaint filed against a nursing home

1. Acknowledgment of receipt of complaint	1.0 days
2. Investigation conducted	11.5 days

h. The number and percentage of citations appealed 156/10%

i. The number and percentage of those citations appealed which were overturned, modified, or both.

Supported	95/68.3%
Amended	13/9.4%
Deleted	31/22.3%
	139

The number of citations either deleted or amended in this period, represent 3% of the 1,560 citations issued. Approximately 97% of the citations issued in this period were either not appealed or supported in full.

**Note: The number of citations supported, amended and deleted does not equal the number of citations appealed because some are still pending review at the end of this reporting period.**
